COVID-19 Updates – Weekly Roundup

Dear Client,

Throughout the past week, CCG provided updates on the following COVID-19 related topics:

- New survey protocols
- New self-assessments for nursing homes
- Mental health challenges for healthcare workers
- CDC guidance on extending the use of N95 respirators

For your convenience, we have reattached these important documents, including:

1. the CMS Infection Control Self-Assessment that should be used by facilities during the COVID-19 pandemic,
2. a PowerPoint on mental health guidance during COVID-19, and
3. the CDC checklist for optimizing the supply of N95 respirators.

We will continue to provide regular updates on new protocols and updated guidance. Please do not hesitate to reach out to us if you have any questions.

We are always available to discuss your concerns:
