

COMPLIANCE CONSULTING
GROUP, LLC

Memorandum

May 13, 2020

As the COVID-19 health emergency continues to develop throughout the United States, CCG monitors the Federal Government's guidance, advisories, and initiatives targeted to long term care providers. The attached letter, from Centers for Medicare and Medicaid Services (CMS) Administrator Seema Verma, provides a comprehensive overview of CMS announcements, initiatives, and requirements related to COVID-19. Links to more information are embedded in the letter for your convenience.

If you have been monitoring the CCG emails since the onset of the COVID-19 pandemic, you will already have been apprised of these updates, and your facility will be current and in compliance. If not, we encourage you to review the attached letter to ensure that your facility is in compliance with the CMS requirements.

As always, please feel free to reach out to us with any questions or concerns.

We are always available to discuss your concerns:
